

## **Stop The Off-Payroll Tax campaign - candidate commitment**

**We are asking all election candidates to agree to the following 3 things:**

- 1. To agree to oppose the roll-out of the IR35 'Off-Payroll Tax' if elected as an MP**
- 2. To back a review into how contracting and freelancing should best be recognised in the tax system**
- 3. To end the #waroncontracting & instead support and celebrate the contribution made by the UK's 5 million self-employed people**

***Ask your local election candidates to agree to Stop The Off-Payroll Tax!***
